

DAVE GRAY, MBA CMMC CISSP PMP

512-481-2530 • DAVID.L.GRAY@GMAIL.COM • Round Rock, Texas 78681
www.linkedin.com/in/davidleegray

CyberSecurity CMMC Consultant, Assessor, and Instructor

CMMC, CISSP, CAP, PMP, and CEH certified Information Technology Leader skilled in securing information systems to achieve information confidentiality, integrity, and availability. Dave focuses on Governance, Risk Management, and Compliance (GRC) using information security frameworks established by the Cybersecurity Maturity Model Certification (CMMC) for Federal Contract Information (FCI) and Controlled Unclassified Information (CUI). Dave regularly consults for DoD Defense Industrial Base (DIB) vendors regarding the National Institute of Standards and Technology (NIST) Department of Defense (DoD) Assessment Methodology. Dave promotes Cybersecurity as a key enabler for organizational and enterprise success, aligning effort levels with outcomes through consulting, assessing, and teaching cybersecurity courses.

Core Competencies:

- CMMC – Cybersecurity Maturity Model Certification
- Controlled Unclassified Information (CUI) Compliance
- Federal Contract Information (FCI) Compliance
- NIST DoD Assessment Methodology
- Information Security Training and Instruction
- Information Systems Security
- Cybersecurity Policy & Standards
- Governance and Risk Management
- Information Security Assessment
- NIST CyberSecurity Framework

SELECTED ACCOMPLISHMENTS

Established the Cybersecurity Maturity Model Certification (CMMC) client DFARS and CMMC certification program for FCI and CUI. (Senior CyberSecurity Advisor, CyberDefenses, Inc.)

Developed Information Security Policies and Standards aligned with NIST 800-53. Integrated information security into processes and procedures. (CyberSecurity, Texas Comptroller of Public Accounts)

Established the CyberSecurity Tabletop Exercise Training Program. Designed and presented a series of cybersecurity tabletop exercises to staff, management, and C-Level executives. (CyberSecurity, Texas Comptroller of Public Accounts)

PROFESSIONAL EXPERIENCE

CMMC AUDIT PROS LLC, Round Rock, Texas (March 2021 – Present)

DLG CONSULTING LLC, Round Rock, Texas (December 2002 – Present)

CyberSecurity CMMC Consultant, Assessor, and Instructor

Dave provides value through common-sense approaches to cybersecurity and compliance via nationally accepted frameworks such as CMMC and NIST. Dave achieved CMMC Provisional Assessor status in September 2020 and Provisional Instructor status in June 2021, joining an exclusive community of CMMC certified consultants in the US. Dave actively participates in the CMMC Standards Committee to establish best practices for improving security. Dave promotes cybersecurity education through the local community college, instructing courses for CISSP and Security+.
